For much of the day at the bridge. The day
was very warm, fresh wind from the east. - Found
out that we had to walk through the woods and then
down the hill to the sea. Found a very good place
to camp, where the water was very good.

But we were not very happy at all. The
sea was very rough, and we had to
walk for a long time, and we had to
carry our things. It was very hard
and we were very tired. -
